Skills

Web development
HTML, CSS

Databases
SQL, PostgreSQL

Networking
Network Administration
Network Troubleshooting

Education

BS Information Technology
Polytechnic University of the Philippines – Calauan Campus
3rd year

Profile

Third-year Bachelor of Science in Information Technology student with solid skills in programming and network administration. I enjoy building database-driven systems and working with networks, and I am looking for an internship where I can apply what I have learned and grow as an IT professional.

Projects

Web Development Project
HTML, CSS
A simple website built for a class to practice the fundamentals of web development.

PostgreSQL Database Projects
PostgreSQL, SQL
Hands-on coursework in PostgreSQL: writing queries, creating tables, and working with indexes, views, and transactions.

Online Store Database
PostgreSQL, SQL
Database design for an online shop that tracks customers, products, orders, and the items in each order.

YOLOv5 Object Detection
YOLOv5, AI
A computer vision project that uses YOLOv5 to recognize objects in photos and live camera footage.

Personal Portfolio
HTML, CSS
My personal website that brings together my projects, skills, education, and resume in one place.
